

## Capability Statement

**LORA, LLC** is a Service-Disabled Veteran Owned Small Business founded by Air Force Veterans. As military officers and leaders in aerospace, arms, defense, information security, and technology corporations, LORA has accumulated an average of 25 years per veteran in the aerospace field and has led several space operations to success throughout each member's years of service. LORA has a proven record of success as veterans and private sector leaders and has similar levels of experience delivering results via space and technology programs to American defense contractors of both large and small corporations. LORA's vast repertoire of experience in the military and defense industry has built the foundation for delivering results that exceed expectations in all areas of expertise. The mission and the goal of LORA, LLC is to achieve the same high-quality outcomes for you and your organization.
