## HUNTER ORANGE REQUIRED

Hunting any wild animal (except waterfowl) from 30 minutes before sunrise to 30 minutes after sunset during the **youth deer gun season, deer gun season, and the deer muzzleloader season** is unlawful unless the hunter is visibly wearing a vest, coat, jacket, or coveralls that are either solid hunter orange or camouflage hunter orange.

**This requirement applies statewide on both public and private land.**

## DEER HUNTING HOURS

Hours are 30 minutes before sunrise to 30 minutes after sunset.

## DEER TAG AND CHECK

A hunter is required to complete the game check process following the harvest of a white-tailed deer. See page 16 for more information.

## DEER BAG LIMITS

A hunter may kill no more than one antlered deer during the 2021-22 season regardless of where or how it is taken. An antlered deer has at least one antler 3 inches or longer in length.

## DEER HUNTING PERMITS

In addition to your valid Ohio hunting license, you must purchase an either-sex deer permit or a deer management permit to hunt deer in Ohio, unless exempted.

- The either-sex deer permit is valid from Sept. 25, 2021 to Feb. 6, 2022.
- The deer management permit is valid from **Sept. 25 to Nov. 28, 2021**.

### EITHER-SEX DEER PERMIT

The either-sex deer permit is good for an antlered or antlerless deer and is valid statewide. This permit may be used during any of the deer hunting seasons and controlled hunts. This permit may be purchased individually throughout the entire deer season. No more than one deer may be antlered during the 2021-22 season.

### DEER MANAGEMENT PERMIT

Deer management permits may be used to take antlerless deer. The permits are valid on **private land statewide** from Sept. 25 to Nov. 28, 2021. **Deer management permits are not valid on public lands, except Killdeer Plains and Lake La Su An wildlife areas, and authorized controlled hunts.**

Hunters are not required to buy an either-sex deer permit before purchasing a deer management permit.

## DEER HUNTING ON PUBLIC LAND

No more than one antlerless deer may be taken from all public hunting areas per license year. A list of public hunting areas is available at [wildohio.gov](http://wildohio.gov). Authorized Division of Wildlife controlled hunts, **Killdeer Plains Wildlife Area in Wyandot County** and **Lake La Su An Wildlife Area in Williams County**, are exempt.

## CONTROLLED DEER HUNTS

The Division of Wildlife conducts controlled hunts on areas not normally open to hunting. For information about controlled hunts, visit [wildohio.gov](http://wildohio.gov) or call 1-800-WILDLIFE (1-800-945-3543). A deer harvested during a controlled hunt does not count toward a county and statewide bag limit.

Permits are selected by computer generated random drawings. The application period is July 1 through July 31 annually. Hunters may apply at [wildohio.gov](http://wildohio.gov), or by calling 1-866-703-1928 with a convenience fee.

Deer management permits may be used in controlled hunts not administered by the Division of Wildlife if the entity holding the hunt has received authorization from the chief of the Division of Wildlife. It is the hunter's responsibility to check with the agency administering the hunt to see deer management permits may be used. The Division of Wildlife conducts several controlled deer hunts for young hunters. See pages 26-27 for more details and other youth hunting opportunities.

To minimize risk of spreading CWD, possessing or removing high-risk carcass parts from Cervids (deer, moose, elk, and caribou) harvested anywhere outside of Ohio is prohibited.

**Only the following parts may be possessed from any Cervid imported from anywhere outside of Ohio:** de-boned meat; meat that is cut and securely wrapped either commercially or privately with no part of the spinal column or head attached; quarters or other portions of meat with no part of the spinal column or head attached; antlers; antlers attached to a skull cap from which all soft tissue has been removed; upper canine teeth from which all soft tissue has been removed; hides and capes without any part of the head or lymph nodes attached; finished taxidermy mounts; and soft body tissue wrapped and packaged for use by a diagnostic research laboratory.

Out of state hunters traveling through Ohio may possess any Cervidae carcass (or part of a carcass), provided the carcass or parts are not off-loaded from the vehicle.

Hunters returning to Ohio with a complete cervidae carcass or parts NOT on the list above, as well as hunters who wish to move a complete carcass or parts NOT on the list above, out of Disease Surveillance Areas, may do so provided that they present the complete carcass or parts not listed above to a certified taxidermist or processor within 24 hours of entering the state or leaving a Disease Surveillance Area.

You can carry only one HUNTING implement while hunting deer. (See Concealed Handgun License on page 39)

**A DEER HUNTER MAY DO THE FOLLOWING:**

1. A successful deer hunter may aid or assist another hunter who is hunting deer if the deer permit has been filled in, he or she does not carry any hunting implement commonly used to kill wild animals, and has a valid hunting license. Those persons exempted from having a hunting license and deer permits for deer hunting on their property are required to have a hunting license and deer permit to aid another hunter off of their property or hunt deer off of their property.
2. Take more than one deer per day as long as the harvested animal's information has been recorded on the permit or submitted to game check.
3. Leave a deer or deer parts with a taxidermist, fur buyer, cold storage, locker plant, or meat processing plant as long as the confirmation code is attached to the animal and all of its separate parts. Persons receiving a deer from another person must keep the confirmation code with the animal and all of its separate parts.
4. Hunt deer over bait, except on public land and in the Disease Surveillance Area. Restrictions apply, see pages 12, 13, 40, and 44.
5. Possess a communication device as long as you do not use the device to aid a person in the pursuing or taking of deer.
6. Carry a printed or electronic copy of the deer permit.
7. Use a leashed dog to recover a wounded deer.
8. Hunt coyote and feral swine (wild boar) during the deer gun season, the youth deer gun season, and the deer muzzleloader season with a hunting license and a valid deer permit, using firearms legal for deer hunting while visibly wearing a vest, coat, jacket, or coveralls colored solid hunter orange or camouflage hunter orange. See page 8.
9. Deer archery hunt during the youth deer gun season, if the archery hunter is not accompanying a hunter participating in the youth deer gun season and is wearing hunter orange (See Youth Deer Gun Season, page 26).
10. A person possessing a valid concealed handgun license may carry a concealed handgun while hunting, but it may not be used to shoot, shoot at, or kill any wild animal. For more information go to [ohioattorneygeneral.gov](http://ohioattorneygeneral.gov).
11. Deer archery hunt during all deer gun seasons. Archery hunters must comply with the hunter orange requirement and follow all regulations specific to the deer gun season.

**A DEER HUNTER MAY NOT DO THE FOLLOWING:**

1. Hunt or pursue deer with a shotgun or specific straight-walled cartridge rifle loaded with more than three shells in the chamber and magazine combined.
2. Hunt with any rifle or possess rifle ammunition during the deer muzzleloader season, other than a muzzleloading rifle .38 caliber or larger.
3. Hunt or take a deer with a gun or possess a loaded firearm while going to and from deer hunting during the deer gun season, the youth deer gun season, and the deer muzzleloader season at any time other than 30 minutes before sunrise to 30 minutes after sunset. Muzzleloading firearms are considered unloaded when the cap is removed or priming powder is removed from the pan, or when the battery is removed on electronic systems.
4. Use a muzzleloading handgun to hunt deer.
5. Carry a handgun while hunting deer during the deer muzzleloader season and the archery season; have more than one firearm while hunting deer; carry a handgun being used during hunting in a concealed manner. (Except as noted in No. 10 under A Deer Hunter May Do the Following.)

8. Use dogs to hunt deer. Leashed dogs may be used to track wounded deer.
9. Possess shotshells containing shot during any deer gun season. Deer hunters may not possess shotshells.
10. Hunt coyote or feral swine (wild boar) between 30 minutes after sunset and 30 minutes before sunrise during the deer gun season, the youth deer gun season, and the deer muzzleloader season.
11. Use any device capable of transmitting or receiving a person's voice to aid in the hunting or taking of deer.
12. Pursue wounded deer or other wild animals or recover dead deer or other wild animals from private property without the written permission of the landowner.
13. Construct, place, or use a permanent-type tree stand, or place spikes, nails, wires, or other metal objects into a tree to act as steps or to hold a tree stand on public hunting lands. It is also unlawful to make any of these changes to trees on private property without first getting the permission of the landowner or the landowner's authorized agent.
14. Check a deer as a landowner if the hunter is a tenant of the property, unless the tenant is an individual who resides on land for which he or she pays rent and whose annual income is primarily derived from agricultural production conducted on that land.
15. Receive or possess a deer or parts of a deer unless such deer or deer part is tagged as required, or unless the deer or part of a deer has a statement showing when and where legally taken, the date received, and from whom received; or a Division of Wildlife tag, seal, or certificate or other proof of ownership which shows the deer was killed by a motor vehicle in Ohio; or an official tag or seal and valid nonresident license issued by another state if taken from outside Ohio; or certificate of ownership or receipt issued by a law enforcement officer. Shed antlers do not require a certificate of ownership or receipt by a wildlife officer.

# CHRONIC WASTING DISEASE KNOW THE FACTS

Chronic Wasting Disease (CWD) is a fatal neurological disease of white-tailed deer. There is no strong evidence that CWD is transmissible to humans. The first confirmed case of CWD in Ohio was at a hunting preserve in Holmes County in 2014. Since then, 25 deer, from four captive facilities in Holmes and Wayne counties have tested positive for CWD.

In December of 2020, Ohio confirmed its first CWD-positive wild deer. The mature buck, harvested in late October in Wyandot County, was taken to a local taxidermist as part of routine CWD surveillance. In January of 2021, a positive yearling doe was harvested during a controlled hunt on the Killdeer Plains Refuge. A Disease Surveillance Area (DSA) has been established, and intensive monitoring will continue for at least three years in all of Wyandot and parts of Hardin and Marion Counties.

### PROTECT OHIO'S DEER HERD

- Properly dispose of a deer carcass. Be sure to double-bag all high-risk parts (brain, spinal cord, eyes, and lymphoid tissues) and dispose of them with your household trash.
- It is illegal to bring high-risk carcass parts into Ohio from anywhere outside the state, unless the animal is delivered to a Division of Wildlife certified processor or taxidermist within 24 hours.
- Contact a Division of Wildlife district office or state wildlife officer if you see a deer that appears sick, is acting abnormally, or has a visible ear tag.
- The Division of Wildlife has a Disease Surveillance Area (DAS), 2021-01, which includes all of Wyandot County, Jackson, Goshen, Dudley townships in Hardin County and Grand, Salt Rock, Grand Prairie, Montgomery, Big Island, and Marion townships in Marion County.

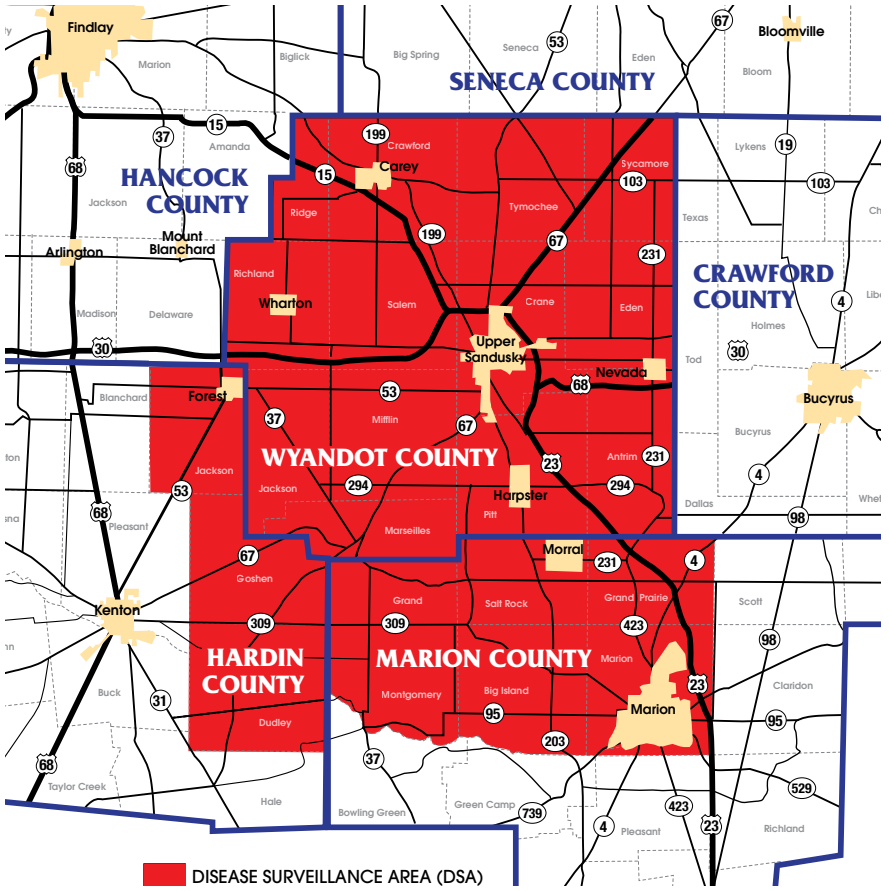

### PRECAUTIONS FOR HUNTERS

- A deer infected with CWD typically does not immediately show signs of the disease. As the disease progresses, the animal begins to lose body condition and stagger, carry its head and ears lowered, drool excessively, and show little fear of humans. They will eventually lose body condition and appear weak and emaciated.
- Wear rubber gloves when field-dressing and thoroughly wash your hands and instruments after field-dressing and butchering.
- Bone out the meat from your animal and minimize the handling of brain and spinal tissues.
- Do not eat the brain, spinal cord, eyes, spleen, tonsils, and lymph nodes.
- Do not consume meat from any animal that tests positive for CWD.
- Hunters may have a harvested deer tested at the Ohio Department of Agriculture's Animal Disease Diagnostic Laboratory. Call (614) 728-6220 for more information.

### DSA RULES INCLUDE:

- The placement of or use of bait (salt, minerals, or any food) to attract or feed deer within the Disease Surveillance Area (DSA) boundaries is prohibited, as is the hunting of deer by the aid of bait.
- Normal agricultural activities, including feeding domestic animals, as well as hunting deer over food plots, naturally occurring or cultivated plants, and agricultural crops are not prohibited in the DSA.

**MANDATORY SAMPLING FOR DEER HARVESTED WITHIN THE DISEASE SURVEILLANCE AREA (DSA)**

- Mandatory sampling is required for **ALL** deer harvested Nov. 6-7, and 13-14 as well as the entire seven-day gun season (Nov. 29 – Dec. 5).

In-person sampling is available on Nov. 6-7, 13-14, and Monday (Nov. 29), Tuesday (Nov. 30), and Saturday (Dec. 5) of gun season. To avoid lengthy delays, hunters are encouraged to complete the game check process before presenting their deer for sampling. Staff is available from 8 a.m. to 8 p.m. at the following locations:

**BIG ISLAND**  
 Wildlife Area Headquarters  
 5389 Larue-Prospect Rd West,  
 New Bloomington, OH 43341

**KILLDEER PLAINS**  
 Wildlife Area Headquarters  
 19100 CH 115  
 Harpster, OH 43323

**WYANDOT COUNTY**  
 Fairgrounds

 Upper Sandusky, OH 43351

Hunters who find it more convenient to use the self-serve kiosks may do so. For hunter convenience, self-serve kiosks are available October 1 through the close of the statewide muzzleloader season (January 11, 2022). Participation is voluntary outside the 11 mandatory days noted above. Instructions for sample submission are provided at the kiosk. Kiosk locations and instructions are available at [wildohio.gov](http://wildohio.gov).

**Longbow or Bow:** The minimum draw weight is 40 pounds. This includes compound bows and recurve bows. The arrow tip needs to have a minimum of two cutting edges which may be exposed or unexposed, and a minimum 3/4-inch width. Expandable and mechanical broadheads are legal.

# GAME CHECK

All hunters who harvest a white-tailed deer or wild turkey are required to complete the game check process.

For deer, the hunter must complete the game check process and receive a confirmation code by noon the day after the kill. If the deer is killed on the last day of a season, it must be checked in by 11:30 p.m. on the day of the kill. For wild turkey, the hunter must complete the game check process and receive a confirmation code by 11:30 p.m. on the same day it was killed.

A hunter may immediately complete the game check process prior to moving the game. The game must be tagged once the hunter leaves the animal unattended or arrives at a residence or temporary lodging.

## FILL IN THE PERMIT OR TAG

■ Fill in the deer or wild turkey permit upon harvest with the date, time, and county of kill. Submitting through the Division of Wildlife's mobile application fulfills this requirement. The game must be tagged once the hunter leaves the animal unattended or arrives at a residence or temporary lodging.

■ Exempt landowners are required to make a tag and include their name, date, time, and county of kill. Submitting through the Division of Wildlife's mobile application fulfills this requirement. The tag may remain unattached until the hunter arrives at a residence or temporary lodging.

Once the hunter leaves the game unattended, the completed permit or tag, or confirmation code, must be attached. The permit or confirmation code is required to remain with the game at all times.

## COMPLETE GAME CHECK

Hunters may check game and receive a confirmation code in one of these ways:

- Call 1-877-TAG-IT-OH (1-877-824-4864).
- Visit [ohiogamecheck.com](http://ohiogamecheck.com), then select COMPLETE GAME CHECK.

■ Exempt landowners call 1-866-703-1928 for operator-assisted landowner game check. Fees apply.

■ Complete game check through the Division of Wildlife's mobile application, HuntFish OH.

■ Visit any authorized license sales agent. A list of sales agents may be found at [wildohio.gov](http://wildohio.gov). Hunters do not need to take their deer or turkey to the agent for the game check. Be sure to bring the permit number to the license agent. Authorized license sales agents will be available for game check during normal business hours.

Regardless of game check method, the hunter must provide the 10-digit permit number, which is printed in large numbers on every permit. Exempt landowners do not need to provide a permit number.

The hunter must answer a series of questions. The hunter will be issued a confirmation code at the end of the process.

The confirmation code may be written on the corresponding permit or tag and attached to the game. When a hunter checks a deer or wild turkey by internet, agent, or mobile application, they will receive a game check receipt with their confirmation code printed on it. Hunters using the telephone game check method will receive the confirmation code over the phone. Hunters using the Division of Wildlife's mobile application will receive their confirmation code once their phone has service.

The confirmation code must remain attached to the game and its parts. The code may be written on the back or bottom of a mount.

A game check receipt may be printed by accessing Ohio's Wildlife Licensing System at [ohiogamecheck.com](http://ohiogamecheck.com) after the game check process is complete.

The game check process must be completed prior to butchering or processing the carcass. This does not include field dressing.

### HOW TO MEASURE JAW SPREAD

## FIRST-TIME TRAPPERS

All first-time trappers, except apprentice license buyers, must successfully complete a hunter and a trapper education course offered through the Division of Wildlife before purchasing a hunting license and fur taker permit to trap furbearers.

## RIVER OTTER CHECKING AND TAGGING REQUIREMENTS

The pelt of each harvested river otter is required to be checked in and tagged within five business days of take. The pelt may be checked and tagged by a wildlife officer (by appointment), at a designated otter check station (by appointment, consult the river otter trapping regulations pamphlet for locations), or at a district office during business hours (8 a.m. to 5 p.m.). All state offices are closed on holidays.

Each trapper must personally present their own river otter, and may not present a river otter taken by another person. Trappers must also provide a copy of their fur taker permit at the time of checking, and provide information about the date and location in which the river otter was trapped.

## BEAVER AND OTTER TRAPPING ON PUBLIC HUNTING AREAS

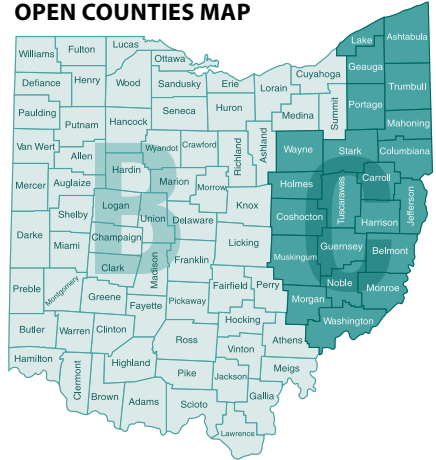

Beaver and river otter trapping is prohibited on state managed areas, including state wildlife areas, state parks, and state forests without a special beaver and/or river otter trapping permit from the Division of Wildlife.

The Division of Wildlife offers controlled trapping permits for beaver and river otter on some managed areas. The application period for beaver and otter trapping lotteries is in October annually. Visit [wildohio.gov](http://wildohio.gov) or call 1-800-WILDLIFE (1-800-945-3543) for more information. When two or more people are hunting or trapping together for these animals only one light is required and may be carried by any member of the party.

## HUNTER AND TRAPPER EDUCATION

All first-time hunting license buyers, except apprentice license buyers, must successfully complete a hunter education course before purchasing a hunting license. The hunting course is designed to instill a code of ethics and responsibility, as well as provide instruction on guns and how they work, types of ammunition, gun handling, field care of game, wildlife identification, wildlife management, hunting regulations, and other topics. Statistics show that hunter education has helped reduce the number of hunting related injuries and incidents.

Anyone applying for a hunting license is required to successfully complete a hunter education course. Applicants must do one of the following:

- Present a previously held hunting license.
- Present evidence of having successfully completed a hunter education course (from any state).
- Attest he or she is 21 years of age or older and previously held a legal hunting license (from any state).
- Obtain an apprentice license.

The trapper education course, taken after successful completion of a hunter education course, covers trap set making, trapping equipment, pelt preparation, furbearer life history, identification, and management. These courses provide an opportunity for adults to introduce a young person to hunting and trapping and to share the excitement that goes with it. To obtain a fur taker permit for trapping, applicants must do one of the following:

- Present a previously held trapping license (from any state).
- Attest he or she is 21 years of age or older and has held a previous trapping license (from any state).
- Present evidence of having successfully completed a trapper education course.
- Obtain an apprentice permit.

## APPRENTICE LICENSE PROGRAM

Ohio residents and nonresidents may purchase an apprentice hunting license or apprentice fur taker permit without having taken a hunter or trapper education course.

Apprentice hunting licenses and apprentice fur taker permits allow new hunters and trappers, both adults and youth, to sample the experience of hunting and trapping under the mentorship of a licensed adult prior to completing a hunter or trapper education course.

To hunt or trap, apprentice license and permit holders must be accompanied by a licensed hunter or trapper 21 years old or older. The licensed hunter may not accompany more than two apprentice license holders at the same time.

Accompany means to go along with another person while staying within a distance from the person that enables uninterrupted, unaided visual and auditory communications.

Having previously held an apprentice license does not qualify the holder to purchase a regular hunting license or fur taker permit. To obtain a regular hunting license, a hunter education course must be successfully completed. To obtain a regular fur taker permit, a hunter education course and trapper education course must be successfully completed. Apprentice licenses and fur taker permits are available to both Ohio residents and nonresidents, youth and adults.
