What is a Comprehensive Plan?

A Comprehensive Plan helps guide future parks, recreation facilities, programs, maintenance, and long-term investments over time.

COMMUNITY INPUT

We listen to residents, gather ideas, and understand community needs.

PRIORITIES & NEEDS

We identify priorities, evaluate needs, and explore opportunities.

LONG-TERM PLANNING

We create a plan to guide future decisions, investments, and services.

FUTURE INVESTMENTS & IMPROVEMENTS

We implement projects and programs that enhance our parks and community.

Why does it matter?

HELPS GUIDE FUTURE IMPROVEMENTS

The plan helps us prioritize projects, maintain our facilities, and improve parks for generations to come.

SUPPORTS GRANTS AND FUNDING OPPORTUNITIES

A current plan makes EMPD eligible for important state and grant funding opportunities.

HELPS PLAN FOR LONG-TERM COMMUNITY NEEDS

The plan ensures we meet the recreation needs of a growing and changing community.
