

Presentation Procedure Horse Inspection (Jogs)

Horse Inspection Procedures (previously called Jog Out)

All mounts within each discipline will be judged using the same procedure:

- On the same surface
- During the same inspection
- By the same Inspection Panel throughout the competition, and
- Presented for Inspection on time

☒ If, for any reason, a competitor must have another competitor (e.g., the team Stable Manager) jog the mount, the CHMJ must be notified prior to the start of the Horse Inspection and informed of the reason.

Presentation of Mount

- Mounts will be presented standing and in motion.
- Members should be aware of their mount's appearance at the Horse Inspection. Mounts must be workmanlike clean. (i.e., free of manure stains, no shavings in mane or tail and show evidence of good grooming).
- Timeliness at Horse Inspection is reflected in the Competitor's score

<u>Procedure</u>	<u>Purpose</u>
Mount must wear only a bridle. Boots, bandages or any other equipment are not permitted.	To enable the Panel to observe the mount's movements without obstruction and make a fair evaluation of the mount's soundness.
Keep mount moving until the Inspection begins.	To ensure the mount is properly warmed up.
Hold the reins with the: Bight (slack) in the left hand, and Right hand about one foot below the bit.	To allow full freedom of the mount's head.
The presenter should either: Move the mount straight away from the judges, then turn to the right (away from the presenter) in order to keep mount between presenter and Inspection Panel and move straight back to the Panel, or Follow the pattern described by the Panel, such as a circle or a figure 8.	To allow the Panel to evaluate the mount from all sides when trotting in hand.
A whip, appropriate in length for in-hand work, may be carried.	To encourage the mount to trot forward.
