

Say goodbye

to processing fees.

Grow Your Business and Save 90% off on Processing Costs with PayLo

PayLo is changing the face of payment processing – quickly becoming the most cost effective solution for the vape industry. Smoke shop owners are discovering a better way to process credit cards. Our patented technology allows retailers to offset their credit card processing costs by applying a small customer service charge to each sale they make. Let PayLo help your business save on credit card fees and enjoy one simple low-cost statement.
