

To whom it may concern,

7-1-2014

Anchor Telecom / Dan Gagnon has served the Newport County YMCA for 20+ years. Dan has offered us great support at a moment's notice. We recently upgraded our phone system to a VOIP system. We decided to do this as a result of upgrading to a new high speed internet network. During this transition we experienced growing pains with the new internet network. Dan hung in there with us and supported us while the IT issues were resolved. The bottom line is I would highly recommend Dan and Anchor Telecom for your communication needs.
