ABOUT

SOCCKER IS MORE THAN JUST A SPORT.

BETHEONESOCCKER, in collaboration with ENJOYFOOTBALL, offers a unique Experience Summer Camp in Spain, designed to provide young soccer players with an immersive, world-class football and cultural experience. More than just a training camp, this program focuses on the comprehensive development of athletes, combining elite technical and tactical training with personal growth. Players train with UEFA-licensed coaches, play matches against competitive Spanish teams, and gain exclusive access to top facilities, including Real Madrid and Atlético de Madrid training grounds.

Beyond the field, the camp embraces the philosophy of ENJOYFOOTBALL, turning football into more than just a sport by fostering camaraderie, self-improvement, respect, and teamwork. The experience includes cultural exploration, with guided tours of Madrid, visits to iconic stadiums, and exciting activities such as a trip to Warner Bros Theme Park. Players stay in high-quality accommodations, with full-board meals, 24-hour emergency assistance, and well-organized transfers ensuring a seamless experience.

- **Camaraderie:** Support among athletes is essential. Whether as teammates or rivals, we foster a spirit of fair play and mutual respect.
- **Self-Improvement:** Limits are meant to be challenged—set new goals, push your boundaries, and never let anything hold you back. Strive to grow, evolve, and surpass your own expectations.
- **Respect, Empathy, and Cooperation:** These are not just values but daily habits. True success comes from understanding, supporting, and working together to achieve greatness—both on and off the field.
