Re: 1317 Third Avenue – Fire Command Station

Dear Stuart:

This letter is to thank you for a superb repair of our fire command station. Our fire command station was totally shutdown. After numerous calls to companies who did not return calls, or did not have the parts and to most who only wanted to sell us a brand new fire command station.

I called SUPERIOR and within days you checked out the system, gathered all the parts, installed and corrected all 4 components and you also taught me about the fire command station.

Once again thank you for your help and guidance. You are at the top of my list for referrals.

Very truly yours,
