Re: Stu Gilbert and  
Superior Protection Services

To whom it may concern;

I am writing this letter to recommend Stu Gilbert for all of his knowledge and accomplishments. I have known Stu for almost 45 years and have enjoyed working with him on several projects, both large and small.

Stu has a vast knowledge of the Fire Alarm industry and is often called upon to assist in many projects. I have personally seen the depth of Stu's knowledge at work, and I truly cannot think of a better person to call upon for advice and guidance. In addition, his vast understanding and ability to interpret the International Building Code and Fire Department regulations relating to individual site applications is second to none.

Please feel free to contact me at any time should you need to discuss Stu's background and ability.

Respectfully submitted,

*Wayne M Wahrsager*
