To Whom It May Concern:

I am writing to recommend Superior Protection Services for your fire alarm installation, inspection and any other fire related needs. We have been working with them for the last 10 years and found them knowledgeable for our industry, timely and competent. They always make sure we are in compliance with all new regulations and requirements, and they are there to help with any needs that arise.

We went through an initial installation for the building and then several additions after renovations to our original alarm system and Superior has been able to guide us through and support our Approval Letters with each change. We know we are in good hands when they are overseeing our projects.

With any questions, feel free to reach out at [ellen@giocareplayschool.com](mailto:ellen@giocareplayschool.com) or call 347-827-1372.

Sincerely,
