To whom it may concern:

Marlarm Security Systems was founded in 1971 and it was shortly thereafter our founder, Marty Lanz began consulting with Stu Gilbert. As time went on and building and fire codes become more formalized Stu Gilbert and his expertise grew even more valuable. Over the past 16 years that I have been running the company I personally have called upon Stu to provide formal consulting on NYC fire jobs as well as had some informal discussion.

I would recommend Stu Gilbert to anyone who needs advice for a Fire System.

Sincerely,

Ian Zaslansky
Chief Operating Officer
Marlarm Security Systems Inc.
