Mr. Stu Gilbert
Superior Protection Services
P.O. Box 123
West Hempstead, New York 11552

Dear Stu:

I wanted to thank you for your assistance with multiple recent FDNY projects. Your knowledge of the FDNY and building department processes and procedures, as well as your expertise in the approved equipment accepted by the FDNY make you a critically important partner for anyone wishing to monitor, service, install, or repair a fire alarm system in the 5 Boros of New York City.

Regardless of the issue, you are always willing to assist with any project at any time and will continue to reach out to your extensive industry network to ensure the successful completion of even the most difficult fire alarm projects.

I look forward to working with you on many more successful projects.

Sincerely,

Andy Lowitt

President
Metrodial Corporation
