

NYC FIRE ALARMS

NEW YORK CITY ALARM CORP.

FIRE ALARM EXPERTS

License #12000020098

September 8, 2021

Mr. Stuart Gilbert
President of Superior Protection

Dear Stu,

I want to thank you again for your remarkable insights into the New York City Fire Codes. Once again, you have allowed us to bid a lower price on jobs utilizing your unique knowledge of the FDNY (New York City Fire Department) Fire Codes and Building Codes that govern New York City.

Do not hesitate to offer us as a reference to anyone who may doubt your abilities on Fire and Sprinkler Alarms, in New York City. You may use me personally as a reference for your services (that are invaluable) with Fire Alarm Installation Companies, Architects, Engineers, and Contractors.

Sincerely,
Rick Bisnoff
President
New York City Alarm Corporation
718-352-2800

P.S. Your conclusions about the design of that School's Fire Alarm System allowed us to under bid the competition and still stay within the codes.
