Dear Stu:

I just wanted take this opportunity to thank you for all of your assistance over the years on many of my fire alarm projects. Your knowledge of the codes and willingness to share that information is truly appreciated. In those rare times where I ask you a question that you don't already know the answer to, you go the extra mile to research and investigate and always come back to me with the answer to my question. In addition, your knowledge of the inner working of the New York Fire Department fire alarm division has always aided in the plan approval and sign off process.

Once again, Thank You, and I look forward to working together on many more projects.

Sincerely:

Allen Rosenthal PE
