

Pictograms for Anticoagulation or Warfarin Clinic, Bartos, B, Self-published, Mountain Lake, MN, 2010/02/04.

This publication contains drawings that display Anticoagulation or Warfarin care, including information on signs and symptom of bleeding and clotting, medication management, and safety details in a visual format with limited, basic print. Important self-care topics, including fall-prevention, dietary impacts on Warfarin dosing, and the effects of alcohol and tobacco use on INR control are featured in the booklet.

Please contact me by phone at 507-317-2938, or via email at bbartos@bonniebartosportfolio.com if you have any questions about these drawings or would like to obtain one or more booklets. Some of the Anticoagulation Picograms appear in the Photo Gallery at the bottom of the website.
