- (d) Each Employee hired on or after January 1, 2014 and the Center Director must have a satisfactory Fingerprint Records Check Determination with a Records Check Clearance Date that is within the preceding 12 months of the hire date. The chairperson or chief executive officer of the governing body shall complete a statement of responsibility on behalf of the governing body acknowledging the same in connection with any application for License or Permit on a form provided by the Department. If the Center is individually owned, then the owner(s) will complete the statement of responsibility.

- (a) Application for License. Prior to filing for licensure, an applicant shall attend an orientation of no more than 16 hours that has been approved by the Department. This orientation shall, at a minimum, provide instruction on the application process and give an overview of the Department's regulations that relate to the operation of early child care learning centers.
 - 1. Orientation. An existing License Holder applying for another Child Care Learning Center License is not required to attend another orientation within two years following the successful completion of a prior orientation.
 - 2. An applicant applying for multiple Child Care Learning Center Licenses at one time is only required to attend one orientation.

- (b) Director's Training. Prior to the issuance of an initial License, the Director of a Center responsible for its day-to-day operations shall have completed a 40-hour director's training course that has been approved by the Department. At a minimum, the subject matter taught at a Director's training course shall cover the areas of administrator competencies that serve as a framework for professional development, which include, but are not limited to, early learning standards, business management, communication, developmentally appropriate practices, professional and leadership development, and advocacy for the Center, Parents, children and Staff.

- (c) No person shall operate a Center without a License or Permit. A separate License or Permit is required for each address or location at which a Center is proposed to be operated even when all of the proposed Centers are owned by the same person or entity. A separate License or Permit is also required for each Center operated at a single location by the same governing body.
 - 1. Temporary License. The Department may at its discretion issue a temporary License if the health and safety of the children to be served by the Center will not be endangered. A temporary License will be valid for a specified period not to exceed one (1) year and may be issued when the Center is not in full compliance with these rules but has demonstrated satisfactory evidence that it is making progress toward meeting these rules and has submitted an acceptable Plan of Correction.
 - 2. Restricted License. The Department may at its discretion issue a restricted License in lieu of a temporary or regular License. The restricted License may be granted either in connection with the initial application process for a License or Permit or as a result of a subsequent determination made by the Department concerning compliance with these rules. The restriction shall appear on the face of the License and shall restrict a Center from providing care or services which are beyond the capability of the License Holder to provide. The restriction may also limit the number and/or age of the children served by the Center.

3. Regular License. A License will be issued upon presentation of evidence satisfactory to the Department that the Center is in compliance with applicable statutes and these rules. The License is valid for one year unless voluntarily surrendered by the holder, reduced to a restricted or temporary License or suspended or revoked by the Department.
 4. Qualification Requirement. In order to obtain or retain a License or Permit, the Director of the Center and its Employees must be qualified as defined in these rules to administer or work in a Center. The Department may presume that the Director and Center Employees are qualified subject to satisfactory determinations on the criminal records checks. However, the Department may require additional reasonable verification of the qualifications of the Director and Center Employees either at the time of application for a License or Permit or at any time during the License or Permit period whenever the Department has reason to believe that a Director or Center Employee is not qualified under these rules to administer or work in a Child Care Learning Center. Reasonable verification which may be required by the Department may include, but need not be limited to, any or all of the following: statement(s) from an attending physician or other health care professionals attesting to the mental and/or physical health of the applicant and/or staff member; letters of reference from designated persons in the community where the applicant and/or staff member intends to work or is working; certified copies of court orders and additional criminal records checks.
- (d) License or Permit is Non-transferable. A License or Permit to operate a Child Care Learning Center is not transferable in any way. Each License and Permit shall be returned to the Department immediately upon the expiration, suspension, revocation, restriction of the License or Permit or closure or termination of the operation.
 - (e) Amended License. If there is a change in the name of the program or Center, changes in the ages of the children to be served, an increase in the regular hours of operation such that the Center would be providing evening or night-time care in addition to day-time care, changes in the services provided, additions to or changes in the use of the building by the licensed Center, an application for an amended License shall be submitted at least thirty (30) days prior to the change, except in the case of an emergency. If an emergency situation arises which makes it impossible to give thirty (30) days' notice, the management of the Center shall notify the Department by telephone and shall submit an application for an amended License as soon as management becomes aware of the change that will be necessitated by the emergency situation. In no case, however, shall a new owner operate the Center without first securing a new License or Permit from the Department.
 - (f) False or Misleading Information. The application for a License or Permit, including the application for a criminal records check, must be truthfully and fully completed. In the event that the Department has reason to believe that the application has not been completed truthfully, it may require additional verification of the facts alleged. The Department may refuse to issue a License or Permit where false statements have been made in connection with the application or any other documents required by the Department.
 - (g) E-mail Contact Information. Each Center issued or applying for a License or Permit in the state of Georgia shall provide the Department e-mail contact information ("Contact Information") so that this agency may contact the Center and send information to the Center via e-mail. It shall be the Center's responsibility to maintain correct contact information, to update the Department if contact information changes, and to respond timely to information requests from the Department transmitted to the provided e-mail address. Delivery of any such information, including but not limited to directives, bulletins, data requests, notices of

proposed amendments to rules and regulations, and any other matters affecting Centers, to said e-mail address shall be considered valid so long as the Department does not receive a failure to deliver message.

- (h) Permit. The Department may issue a Permit for a program to operate without a License for a limited term in situations, such as but not limited to, a change of ownership.
 1. An application for a Permit to operate a Child Care Learning Center shall be submitted to the Department on the forms provided by the Department.
 2. A Permit Applicant or Permit Holder must provide evidence of a Satisfactory Records Check Determination for the Director and every Provisional Employee and Employee.
 3. A Permit Applicant or Permit Holder may continue to employ an individual from the prior ownership, if applicable. During the Permitting process, such individual may be present at the Center while any child is present for care based on the prior Satisfactory Records Check Determination so long as the satisfactory determination is no more than 60 months old and every Staff member that remains employed with the Center submits to a Fingerprint Records Check Determination within 21 calendar days of the issuance of the Permit.
 4. The Permit Applicant or Permit Holder shall not allow any individual to reside at the Center or be present at the Center while any child is present for care if the Center knows or reasonably should know that the individual has a Criminal Record.
 5. Each Employee must receive a Satisfactory Records Check Determination issued by the Department prior to issuance of a License.
 6. A Permit Applicant or Permit Holder may hire Provisional Employees after applying for a Permit. Any such new Provisional Employee must receive a satisfactory Preliminary Records Check Determination by the Director before that individual can reside in the Center or be present at the Center while any Child is present for care.
 7. A Permit Applicant or Permit Holder may hire Employees after applying for a Permit. Any such new Employee must submit to a Fingerprint Records Check Determination and receive a satisfactory Fingerprint Records Check Determination issued by the Department before that individual can reside in the Center or be present at the Center while any Child is present for care.
 8. Issuance of a Permit. A Permit will be issued, upon presentation of evidence satisfactory to the Department that a Center is in compliance with applicable statutes and these rules. The Permit shall be valid for 21 calendar days unless voluntarily surrendered by the Holder or suspended or revoked by the Department.
 9. Renewal of a Permit. A Permit may be renewed only if every resident and member of the Center's Staff has both submitted a Records Check Application to the Department and submitted to a fingerprint scan within 21 calendar days of the issuance of the initial Permit.

Service staff routinely acting as child care workers shall meet the qualifications of the respective caregivers.

** Maximum group size does not apply to outdoor play on the playground routinely used by the Center or for special activities in the Center lasting no more than two (2) hours. Maximum group size does not apply to Centers with a licensed capacity of 18 or fewer. However, required Staff:child ratios must be maintained.

- (2) Mixed-Age Groups for Centers with a licensed capacity of 19 or more children. The Staff:child ratios for a mixed-age group shall be based on the age of the youngest group of children that includes more than twenty percent (20%) of the total number of children in the mixed-age group.
- (3) Mixed-Age Groups for Centers with a licensed capacity of 18 or fewer children. The Staff:child ratios for a mixed-age group shall be based on the following: the age of the youngest child under three (3) years of age shall determine the Staff:child ratio for the group in which the child(ren) under three (3) years of age are cared for; and where all of the children in any one group are three (3) years of age or older, the age of the majority of the children in the group shall determine the Staff:child ratios.

 3. Upon receiving a complaint concerning the Center which could endanger the health, safety or welfare of the children in care;
 4. Upon receipt and review of a request for an amended License where the Department determines that an on-site inspection is advisable;

- (b) Consent to Entry. An application for a License or Permit to operate a Center or issuance of a License or Permit by the Department constitutes consent by the applicant, the proposed holder of the License or Permit and the owner of the premises for the Department's representative, after displaying identification to any Center Staff, to enter the premises at any time during operating hours for the purpose of inspecting the facility, including both scheduled and unscheduled inspections and includes consent for meaningful access to all Staff, parts of the premises, all children present and all records required by these rules. The Department shall have the right to photocopy or reproduce by any means any record required by these rules to be maintained and as needed for any inspection or investigation.

Failure to cooperate with a Department inspection or investigation shall constitute good cause for the denial, restriction, revocation or suspension of a License, Permit or commission.

591-1-1-.38 Enforcement and Adverse Actions

(1) **Enforcement and Adverse Actions.** Under Georgia law, the Department, after considering the seriousness of the violation(s), including but not limited to the circumstances, extent and gravity of the prohibited act(s), the severity of the rule violation, the duration of non-compliance, the License Holder's prior Licensure or history, the voluntary reporting of the violation(s) for which an Adverse Action is being imposed and the hazard(s) or potential hazard(s) to the health or safety of the public, may take any of the following actions when a Center, Permit Applicant or License Applicant violates any of the rules for Child Care Learning Centers:

- (a) Refuse to grant a License or Permit;
- (b) Administer a public reprimand;
- (c) Suspend any License or Permit;
- (d) Prohibit any License Applicant, License Holder, Permit Applicant or Permit Holder from allowing a person who previously was involved in the management or control of any program which has had its License or Permit revoked or denied within the past 12 months to be involved in the management or control of such program;
- (e) Revoke any License or Permit;
- (f) Impose a fine, not to exceed a total of \$25,000, of up to \$500 per day for each violation of the law, rule, regulation or formal order related to the initial or ongoing licensing requirement of any program. If any violation is a continuing one, each day of such violation will constitute a separate violation for the purpose of computing the applicable enforcement fine;
- (g) Impose a late fee of up to \$250 for failure of a program to pay the annual License fee within 30 days of the due date;
- (h) Limit or restrict any License or Permit, including but not limited to, restricting some or all services of or admissions, into a Center;
- (i) Seek an injunction against an early care and education program operating without a License or Permit or in willful violation of these rules;
- (j) Make application for an inspection warrant to a court of competent jurisdiction to gain entry into a Center that is believed to be subject to licensure;
- (k) Order the emergency placement of a monitor or monitors in a Center at the expense of the Center; and
- (l) Order the emergency closure of a Center.

(2) **Adverse Actions Subject to the Compliance and Enforcement Chart.** In the majority of cases when a rule violation is found, the Department will determine the appropriate action in accordance with the Compliance and Enforcement Chart below. A Center will receive points based on the frequency and severity of citations and will land in the corresponding box. Accordingly, Prevention, Intermediate or Closure Actions will be imposed as outlined in the Enforcement Categories, Levels and Action chart below. The Department will consider mitigating and aggravating factors to determine which action is appropriate and will have sole discretion in making this determination. The guidelines for determining the Violation History Level and Violation Class shall be posted on the Department website and updated as needed. Note that if a rule violation is not found, the chart will not be applied, and no citations will be issued.

- (b) The Department shall refuse to issue a License or shall otherwise restrict a License for any applicant, alter ego or agent of the applicant who has transferred ownership or governing authority of a program when such transfer was made in order to avert payment of an enforcement fine, denial, revocation or suspension of such License.

- (d) The Department shall refuse to issue a License or Permit if the applicant or the operation or management of a Center knowingly or intentionally makes or causes another to make any false statement of material information in connection with the application for a License or Permit, or in statements made, records maintained, or on documents submitted to the Department as part of an inspection, survey, or investigation.
- (e) The Department shall refuse to issue a License or Permit if the applicant or Center fails to provide the Department with information pertinent to an investigation, or the initial or continued licensing of a program within the time specified by the formal notice provided by the Department.
- (f) The Department shall refuse to issue a License or Permit if a Center repeatedly fails or refuses to allow the Department access to the Center for the purpose of determining whether the Center is in compliance with these rules.

application for a License or Permit, or in statements made, records maintained, or on documents submitted to the Department as part of an inspection, survey, or investigation.

(o) The Department shall revoke a License or Permit if a Center fails to provide the Department with information pertinent to an investigation, or the initial or continued licensing of a program within the time specified by the formal notice provided by the Department.

If the licensee submits a written statement, it will be placed in the facility's state file.

(b) The imposition of any Enforcement Action by the Department shall not preclude the Department from taking any additional action authorized by law or regulation.

(c) Right to a Hearing. The Department's Enforcement Actions shall be preceded by a notice and opportunity for a hearing and shall constitute a contested case in accordance with the Georgia Administrative Procedure Act, O.C.G.A. § 50-13-1 *et seq.*, except that only thirty (30) days' notice in writing from the Commissioner's designee shall be required prior to License or Permit revocation except that the hearing held relating to such action by the Department may be closed to the public if the hearing officer determines that an open hearing would be detrimental to the physical or mental health of any child who will testify at that hearing.

(d) The notice of revocation, suspension or restriction of a License or Permit becomes effective thirty (30) days from the day of notice unless the License Holder or Permit Holder requests a hearing. Rule 591-1-1-.39 Waivers and Variances

The Department may, at its discretion, grant waivers and variances of specific rules upon application or petition being filed on forms provided by the Department. The Department may establish conditions which must be met by the Center in order to operate under the waiver or variance granted. Waivers and variances may be granted in accordance with the following considerations:

- (a) Variance. A variance may be granted upon a showing by the applicant or petitioner that the particular rule or regulation that is the subject of the variance request should not be applied as written because strict application of the rule would cause undue hardship. The applicant or petitioner must also show that adequate standards affording protection for the health, safety and care of the children exist and will be met in lieu of the exact requirements of the rule or regulation in question.
- (b) Waiver. The Department may dispense entirely with the enforcement of a rule or regulation by granting a waiver upon a showing by the applicant or petitioner that the purpose of the rule or regulation is met through equivalent standards affording equivalent protection for the health, safety and care of the children.
- (c) Experimental Variance or Waiver. The Department may grant waivers and variances to allow experimentation and demonstration of new and innovative approaches to delivery of services upon a showing by the applicant or petitioner that the intended protections afforded by the rule or regulation which is the subject of the request are met and that the innovative approach has the potential to improve service delivery.

591-1-1-.46 Exemptions

(1) All programs providing group care for children shall obtain either a License, Permit or a commission for an early care and education program or an exemption from the Department, as applicable. Any person or entity operating or planning to operate such a service believed to meet the criteria for exemption from licensure, as listed below, shall apply to the Department for exemption by submitting the Department's application for exemption.

(a) Exemption Requirements.

1. The application for exemption shall be notarized and shall include:

(i) A valid and current e-mail address,

(ii) A written description of services, fees, ages of children to be served, months, days, and hours of operation and location,

(iii) Copies of written policies, advertisements, parental agreement forms, and other materials to support the criteria for exemption as determined by the Department.

(iv) A sworn statement that the information provided to the Department is accurate and truthful.

2. The exemptions granted by the Department are exemptions from licensure, and do not affect the authority of local, regional or state health department officials, the state fire marshal, local fire prevention officials, local or regional building officials or zoning officials to inspect and approve facilities and locations. Programs operated in a residence are not eligible for exemption. Additionally, the exemption is only valid at the address listed on the application.

3. A program granted an exemption shall post in a prominent place near the front entrance of the facility both a copy of the exemption approval letter issued by the Department and a notice provided by the Department that will notify a Parent that the program is not licensed and is not required to be licensed by the state. The notice shall be at least ½ inch letters and shall contain the Department's telephone number and website address.

4. A program approved for exemption shall maintain attendance records for children. When a Parent initially registers a child with an exempt program, the Parent shall sign a form indicating the Parent has been advised and understands that the program is not licensed and is not required to be licensed by the state. The program must maintain the attendance records and parental notification forms during the time the child is enrolled in the program and for one year after the child no longer attends the program. All records shall be made available to any authorized representative of the Department upon request.

5. Any program granted an exemption from licensure that subsequently loses accreditation, closes and/or ceases operation shall notify the Department in writing within five (5) business days of such a change. A program granted an exemption that has subsequent material changes in the operation of their program, such as, but not limited to, a change of physical location, a change in operating months, days, and/or hours, or a change in the ages served shall be required to submit a new application for exemption to the Department.

6. Programs granted an exemption may be required to periodically update the Department on the status of their exemption and operating information such as but not limited to submitting an annual report that would contain information related to the exemption approval.

7. The Department may rescind an approval for exemption when one or more of the following is determined by the department:

(i) The program no longer meets the criteria for the exemption.

(ii) The program provided false information during the exemption request process or during an investigation.

(iii) The program failed to comply with local, regional, and state health department, fire marshal, fire prevention, and building/zoning guidelines/requirements.

(iv) The program failed to provide the Department with a valid and current e-mail address or with other information requested by the department, such as but not limited to, the months, days, and hours of operation, ages of children served and operating address.

(b) Exemption Categories. The following types of programs shall be exempt from licensure:

1. Programs which are owned and operated by any department or agency of state, county, or municipal government. This includes, but is not limited to, the customary school day, as defined in Georgia law, and before- and/or after-school programs in public schools operated by the public school system and staffed with school system employees and recreation programs operated by city or county parks and recreation departments and staffed with city or county employees.
