## *From the Editor-in-Chief's Desk*

I am happy and proud to announce the release of the seventh issue of AgriTech Today Magazine. It gives me great pleasure to inform you that we have curated and finalized 51 articles for publication in this issue.

This issue is dedicated to Father of Indian Green Revolution M. S. Swaminathan. He was an agronomist, plant geneticist, administrator and humanitarian. He was the global leader of green revolution. On 28<sup>th</sup> September 2023, this Nobel soul left us to the eternal peace. The AgriTech Today Magazine pays tribute to the departed soul.

My sincerest hope is that this issue will provide readers with valuable insights into agricultural technologies and innovations. I extend my heartfelt gratitude to Meghashree D. R. IAS, for her invaluable time for the cover story and the dedicated editorial team and the talented authors for their invaluable contributions in bringing this issue to fruition.

Your efforts have played a pivotal role in making AgriTech Today Magazine a source of enlightenment and knowledge in the agricultural domain.
