

Kaleidoscope

Supporting the education and welfare of pupils with an EHCP

All pupils with an EHCP will have additional in-school termly reviews in addition to their annual review. This will ensure that their needs are consistently met in a timely manner.

Resources within school will be sourced for each individual dependant on the needs identified within their EHCP.

The welfare and safeguarding of all pupils at Kaleidoscope takes priority. Any additional needs relating to this that are identified by staff will be acted upon immediately, irrespective of whether a review has just taken place.
