

Services offered for “Bellini” our champagne cart:

Bellini is our bubbly cart that caters to our champagne service. Bellini is able to be indoors or outdoors with classy chic decor to make it a memorable conversation piece at any event. Bellini is available for drop off service with set up and clean up at end of service or available with a bartender to curate, mix and pour your cocktails. We have our décor for the bubbly cart, but if you have décor that will compliment your event theme we would be happy to set up with that. As with Savannah we provide the tossware, napkins, straws, and garnish. In addition we provide the mixers for your event and a personalized drink menu for your event and day. We are compliant with NYS liquor laws which means we are NOT able to supply liquor/wine/champagne or beer. We will create a very specific shopping list created with your amount of guests in mind so there is no waste. On the day of the event when we arrive, you will hand over your shopping order for set up. Our service will begin 1-2 hours before the event

where setup will take place and it will conclude up to an hour after your event has ended.

We are based out of the Hudson valley and we pride ourselves on using local produce/syrups when possible bringing a bit of the beautiful Hudson to you. We are happy to travel and we are Fully licensed and insured to give that extra piece of mind during your event.

Thank you for considering Hart & Root Tin Tavern for your event. The next step would be a virtual consult to discuss details, lock in a date and start curating a menu for your event. Please feel free to email:

hartandroottintavern@gmail.com or to reach out to either Nicole at 845-926-6980 or Stephanie at 845-742-2406 to move forward or with any questions you may have.
