Volume 21, Issue No 4 SPECIAL EDITION

This issue of TRAINER is a special edition. We are making some sweeping changes to the way IDEST Training is going to be run. This Trainer is being sent out just before August when the changes are due to take place.

Please read through the information carefully and if you have any questions, please direct them to the new Training Admin Manager, Alistair

Changes to IDEST Training Admin

Since Pat has decided to retire and Jeanette does not wish to continue with the Admin. duties, it is an ideal opportunity to make changes.

A new company has been set up called, **INDEPENDENT DIVING EQUIPMENT SERVICES AND TRAINING LTD**, (aka IDEST Ltd).

Alistair will be dealing with the Training admin from 1st August. All communications concerning training courses, order of application forms, certification etc. will be dealt with by him.

A new bank account will be set up that looks after the income and expenditure of IDEST Ltd. BACS details of this new bank account will be sent to you in due course and will also be printed on all invoices.

The training materials will remain the same, as IDEST Ltd is seeking permission from SITA/IDEST to use the IDEST copyrighted materials.

A new logo will be introduced, in due course, that reflects the IDEST logo and the training aspects. This will become the new logo for IDEST Training Centres to use in their promotion and publicity. This logo will be sent to all Training Centres when it becomes available, in a variety of formats, sizes and colours.

It is hoped that this move will streamline the training side and provide you with a smoother administration service. One contact for all concerns, requests, enquiries and complaints.

Future changes will include a new website to promote IDEST Ltd courses and bring in more revenue for you, the Training Centres.
