

COSTS (ALL PRICES INCLUDE HEAD, HIDE, AND ALL THE MEAT)

2026 - One yearling bison bull (approximately 1200 lbs. live weight): \$3600

Field Dressing Services (includes skinning) provided by either Law-Free Bison owner/employees or a local contractor are required. Buffalo are difficult animals to field dress and to skin. Given that this may be done when it is very cold and at times late into a short winter's day, the skill and dispatch of our skinners make their modest fee a bargain. A common confession from hunters who previously attempted this task themselves was "I wish I had hired the skinner."

The cost is \$250 for a yearling bison bull payable directly to the skinner in cash.

To reserve a hunt, a non-refundable deposit of one-half is required in advance. Check or money order is fine for deposit. However, for the balance to be paid upon arrival on the day of the hunt, we request cash.

Availability is limited. Early reservations are strongly encouraged.
