

This month we will be highlighting [Bull City Family Medicine and Pediatrics](#), one of our sponsors! Bull City Family Medicine and Pediatrics practices family, internal and pediatric medicine so they get to see everybody from kids to grand-parents!

Currently they have 7 providers which allows them to see around 2,000 patients per month. Their impact extends beyond just the patients they see because they are passionate about supporting organizations that give everyone an opportunity to grow. This along with how we serve the community are reasons why they are happy to support Bull City Futsal Academy.

Thanks Dr. Adam Wenzlik, Melissa Andreoni, and your team at Bull City Family Medicine and Pediatrics for being Hinchas!
