

Insta-chef

Great meals in less than 10 minutes!

Who are we?

Insta-Chef provides tasty, nutritious, kosher and easily prepared meals, specially suited for people on the go (but not only). The meals are dehydrated so they are lightweight, have a long shelf life, and don't need refrigerating. The advanced dehydration technology we use helps keep the original raw material's flavors, textures, and nutritional values.

Insta-chef is a subsidiary of I-fudzon LTD, which was founded a decade ago and specializes in food projects. The company was founded by a group of highly experienced executives in the Israeli food industry with expertise in finance, operations, OpEx, quality and marketing, along with top notch culinary development. Our combined experience in this field exceeds 100 years. The meals are manufactured under strict supervision at our factory in Israel, which complies with all the rules and regulations required.

What do we offer?

A Meal in a personal bag, weighing less than 200 grams. Prepared simply by adding boiling water and waiting 10 minutes.
