To Fellow Flutist,

Katrina Cruess worked beside me at Burkart Flutes for three years. I say "Thank you, Kat, for the numerous new Burkart Flutes you have padded during that time. It was always a pleasure to work with you. You hold yourself to high quality standards and I know you will apply our techniques, materials and standards to Burkart instruments that you repair."

We are happy to see Katrina bring her talents to the repair arena. Her techniques are efficient, and her outcomes are durable. We need experienced, well-trained repair technicians in the field and so WELCOME to Sweet Sounds Flute Repair in Bedford, NH.

Sincerely,

A handwritten signature in cursive script, reading "Lillian Burkart".
