✓ My experience was unbelievably uplifting, empowering, and motivating. My mentor inspired me professionally and personally with her insight, knowledge, and extremely impressive career with Microsoft. The impact of having a leader who is not only brilliant, but genuinely kind and passionate about her work, life and helping others to excel exceeded all my expectations. Her business advice and practical guidance continues to be a source of motivation in my professional development and daily decisions. It is incredible how one person who genuinely cares about the success of others can have a powerful, lasting effect on their lives particularly during this challenging time.

✓ I can't thank you enough for your always generous heart and thoughtfulness in referring me to your Microsoft program. I had a lovely conversation with Kaylin from Microsoft, and she could not have been more gracious and kind. Who knows what the future holds but brainstorming with her was a very worthwhile experience!

✓ My experience meeting with my mentor was meaningful and insightful. I found her advice valuable and appreciated the perspective she shared. We discussed potential job opportunities at Microsoft, my career plans after graduation, and aspects of our personal lives. This initiative provides an excellent networking opportunity for students and a platform for mentors to showcase career opportunities at Microsoft.

✓ It was a good experience. We discussed the job application process including how to handle rejections and tips for interviews.
