NUEVAS INSTALACIONES

NEW FACILITIES

El crecimiento de los últimos años nos ha conducido a ampliar nuestras instalaciones para poder seguir ofreciendo el mejor servicio a nuestros clientes. Una nueva nave de 2800m2 de superficie y con capacidad para 5400 palés es ahora la sede principal de la compañía. Junto con la antigua sede de Cardedeu y el almacén ubicado en las Islas Canarias, Comas ofrece hoy calidad y agilidad de servicio en todo el continente europeo.

COLABORACIONES

LA COLABORACIÓN UNIVERSIDAD - EMPRESA SE CONSOLIDA /

UNIVERSITY AND COMAS PARTNERSHIPS CONTINUE

Empresa y universidad son dos realidades que a veces se entienden de forma independiente pero que, a la vez, dependen una de la otra. Las expectativas en las colaboraciones anteriores con la Escuela de diseño Elisava y la Universitat de Barcelona han dado sus frutos y, por tercer año consecutivo colaboraremos con ambas universidades para seguir contribuyendo a reforzar la relación entre la universidad y la empresa.

Business and university are two spheres that, whilst sometimes viewed as separate, are mutually dependent. In previous years, we have achieved what we were hoping for in our collaboration with the Elisava School of Design and the University of Barcelona. Now for the third consecutive year we are working again with both Universities to continue to bolster links between universities and Comas.

REPETIMOS CONVENIO CON LA UNIVERSIDAD DE BARCELONA -UB- /

NEW AGREEMENT WITH UNIVERSITY OF BARCELONA - UB -

El convenio con la Universidad de Barcelona se reedita siendo la 3ª edición de una colaboración que ha sido un éxito en cada uno de las ediciones anteriores. Lo que de inicio suponía un reto incalculable para los estudiantes, ha acabado siendo una fórmula de éxito que no dudamos en repetir. Gracias a la ayuda del equipo de Comas, los futuros diseñadores tienen la posibilidad de diseñar una colección de cubertería des de cero, pasando des de la detección de tendencias, la exploración de materiales y la conceptualización del producto.

Our collaboration with the University of Barcelona is being extended for a third year following its success in previous years. What started out a simple project for the students has become a proven path to success that we have no hesitation in repeating. With help from the Comas team, future designers are able to design a cutlery collection from zero: moving from trend analysis to materials research and product conceptualisation.

For the third successive year we are working with the Masters programme in conceptualisation and product development of the Elisava School of Design. This initiative allows students to participate in the process of creation of new HoReCa products: a win-win for both parties which has become essential.
