Colorful neon

Drawing on the colors from nature, we blend the yellow of the desert, the blue of the sky, the brown of the soil, and the brass colored ornaments together to create a bright and vibrant color combination. By arranging and combining ever-changing and regular points and lines, supplemented by various colors to create geometric patterns, a combination of static and dynamic movements is created

frost flower

The moon shines like a plate, imprinted on the shimmering water surface of the microwave, twinkling with twinkling stars. The water vapor condenses into frost, like a crystal clear dress worn on the earth. The earth is quiet and pure white, making people calm and comfortable, and forgetting the troubles.

Blue pattern

The blue color of the sea combined with tableware creates different scenes of waves and beaches alternating. Each tableware sometimes resembles a small island of different shapes, surrounded by waves and washed clean white. This set of tableware allows people to enjoy the natural island scenery while dining.

white

The porcelain body is white and bright like snow after double high-temperature firing. Lower water absorption and higher strength. Elegant and exquisite modeling will be a highlight no matter what kind of banquet.

Diamond

The brick and stone series tableware has fine texture and shines a little fluorescence under the irradiation of light. Diamond is a symbol of status and dignity. Others regard it as a symbol of love and loyalty.
