

LITTLE EXPLORER'S

NOVEMBER 2025

WHAT WE ARE LEARNING

This month as the clouds are getting darker and rain is more frequent we will be focussing on the story one rainy day. For this we will be exploring weathers, exploring the rain and clouds through nature walks and garden time.

The children will be getting creative making they, re own clouds using cotton wall and paint.

REMINDERS

AS the weather is shifting we encourage parents to provide raincoats and wellies for outside play.

UPCOMING EVENTS
