What We Have Learned & Will Learn This Month

Throughout September the children have done an amazing job at exploring shapes and identifying them in our environment. The children have been exploring weather talking about the heat, cold, and what we need to wear. The children have enjoyed exploring songs and stories such as twinkle, twinkle little star and the gruffalo story. Things to do at home to support your child with what we will be learning: washing our hands independently, putting our own shoes and jackets on. Finding our own belongings and meeting self care needs such as wiping our faces and noses when needed.

Upcoming Events

Black history month- we will be celebrating through tasting foods, listening to music, and learning about diversity and inclusion.
16th world food day: food tasting from foods around the world.

Space week 4th-10th: being creative making planets and rockets, exploring sensory activities and exploring space through the internet and books.

Last day of term 16th: PJ day, come to nursery in your favourite pyjamas.
2nd November: dress up day, come in wearing your favourite dressing up costume. First day back after half term.

Reminders

We are a NUT free nursery. No chocolate spread. If any food contains chocolate such as wafers, waffles, pancakes etc then please ensure you provide labelled ingredients.

Ensure your child has wipes, a water bottle, spare clothes including socks and underwear and nappy cream incase this is needed throughout the day.
Half term dates: 19.10.26-30.10.26 returning on 2.11.26

Contact Info

If you need to report your child for any absences, sickness, or have any queries please contact me on my email: Sophie.drake@tbr136.onmicrosoft.com or give the setting a call.
