

LITTLE EXPLORER'S NEWSLETTER

May 2026

A NOTE FROM THE STAFF

We kindly ask that families put names on all personal belongings so we can keep everything safe and together. If something isn't labeled, we're happy to add a label for you.

TOPIC OF THE MONTH

For this month, as the sunny days roll in, we're diving into a fun theme: Bugs and Blooms! Our story of the month is *The Very Hungry Caterpillar*, and we'll be exploring all kinds of bugs and the tasty fruits they love—both above the ground and below it. The children will also get to make their own snack by choosing their foods, cutting them with support, and serving themselves. To top it all off, we'll get creative and make our very own hungry caterpillars!

DATES TO REMEMBER

08/05 – VE Day: We'll be making poppies and inviting everyone to wear red and black.

11–17/05 – Mental Health Awareness Week: We'll explore our feelings and create something special for someone we care about.

15/05 – International Family Day: Garden picnic invite coming soon.

20/05 – Bumblebee Day: We'll make cosy bee homes in the nursery.

25th – 29th HALF TERM

REMINDERS

- Please apply suncream at home before drop-off.
- A suncream bottle in their bag helps us reapply during the day.
- Water play is coming up often, so spare clothes will come in handy.
 - A water bottle each day keeps your child hydrated.
- Make sure nappies and wipes are packed for the day.
