- Free of charge for accountants
- Increase billable hours and client satisfaction

Get Paid. Always.

# We let our Clients speak...

## What a great tool!!!

Unpaid invoices has been a real headache for us. However, I recently came across this app that has been a game-changer for us. This app has simplified the process of managing and collecting unpaid invoices, and I can't help but give it a 5-star rating.

Atem Mbeboh  
Founder rant+rave agency

## What a fantastic app!

The combo of automatic reminders in Xero with the integrated app is excellent. I like the easiness and full integration.

It took just a minute or so to pass my unpaid invoices to a collection service and I could go back to work.

I wish I had done this before - definitely no long term receivables or write-offs for us anymore!

Richard Tillet  
Owner Tillet Plumbing and Heating

## Game changer for debt recovery

Many businesses don't know how to manage outstanding invoices, ...GetPaid is a tool to add onto Xero, you can simply select invoices to push out to a debt collector to assist with recovery, meaning it doesn't have to come directly from you/your business. A few of my clients have already had outstanding debts paid from using the app.

It is also something accountants could choose to offer as an additional services, on behalf of clients, should they wish to. Great app to help small businesses GetPaid.

Hayley Pope  
Partner of GTP Accounting & Business Services

## Great app for accountants and clients

As an accountant this app will help you build an additional business service, for clients it is a fantastic way to clear old debts. We tried it ourselves and recovered an invoice that had been outstanding for 192 days with constant promise of payment within 4 weeks

Heather O'Reilly  
Director Jupp Castle Accountants

## Great Tool!!

This app and tool is very easy to use - simply with a click of a few buttons, you can instruct and get your invoices recovered without the need of time consuming researching.

Andrew Athineos  
Managing Director Athena Collections Ltd
