STATEMENT

Veterans Enterprise Services, LLC (VES) was founded in June 2019 with a focus on the durable medical equipment market (DME), general medical and dental equipment & supply. During the time being we have come across numerous opportunities to collaborate within other supply chain management to support our products and services, such as office supplies and stationary products, as well as computer peripheral equipment, building furniture and custodial/janitorial supplies.

The driving force behind our company is the desire to improve the lives of our customers in our community, bringing value of competitive pricing and top service to all our customers.

“WE SERVE THOSE WHO SERVE”
