SAFARI!

Brief tour overview:

You will immerse in the African bush in 3 different ways! – by OSV (Open Safari Vehicle), the best way and vantage point to see and experience the African Bush in the Kruger National Park.

Then we're going walking deep into the African bush at Sunrise accompanied by two knowledgeable, armed Bush trackers, we set off quietly to follow the spoor of game, learning about their movements and we learn how to identify plants and birds too. This will be a glorious morning, with the opportunity of seeing wildlife up close in their true unspoilt habitat. You will do a Guided self-drive in the Kruger Park with overnighting at a rest camp within the Kruger! There is no place like it, so you're going to want to savour as much of it as you can.

Our guided self-drive venture will then proceed to the Panorama route, a scenic road in South Africa in the Lowveld region, connecting several cultural and natural points of interest. This outing is steeped in the history of South Africa, centred around the Blyde River Canyon, the world's third largest canyon. The view from God's Window stretches over the Blyde River Canyon to the world-renowned Kruger National Park and the Lebombo Mountains on South Africa's border with Mozambique - an epic road trip with numerous waterfalls, one of the largest afforested areas in South Africa, and several natural landmarks.

We will travel over the Lebombo mountain range by your own self-drive Suzuki Jimny to enter Mozambique for a fun filled, exciting Mozambiquan lifestyle few days! Sun, Beach, Vibrant African Island style living awaits you! Our end destination will be Ponta Malongane for our perfect resort experience. With a perfect location to absorb stunning ocean views and integrated in nature we are close by the perfect spot for diving and other nautical activities. This PADI Resort offers more than 30 dive reefs for your viewing pleasure!
