Ukulele Classes for Beginners

Have fun and make new friends, while learning a new instrument and discovering the joy of playing the Ukulele! These courses are for absolute beginners, designed to introduce all of the basic skills needed to start playing popular songs on the Ukulele. As the Ukulele is a very fun and easy instrument to learn, this is a great way to develop musicality, which is proven to also develop many other important skills such as motor control, social skills, artistic appreciation, discipline, patience and self esteem!

Over the course of eight weeks, students will be introduced to the concepts of playing chords, strumming rhythms, plucking notes, and following lead sheets, while learning some fun simple songs that we will play and sing together. These classes are open to anyone with a ukulele and a desire to learn, and students will be placed in groups of the same age. Class sizes will remain small, with a maximum of 6 people, to ensure lots of interaction with the teacher and room for musical development. Come join us for these fun and exciting classes and learn to play a new instrument!

- Age 4-6, 30 minute group classes
