

Dr. Peter Osterloff

Osterloff Stratigraphic Consultancy Ltd.

Registered Address: 2nd Floor College House, 17 King Edwards Road, Ruislip, London, United Kingdom, HA4 7AE,
 Company Registration Number: 14545239
 Mob: +44 (0)7530 840712
 Email: info@osterloffstratigraphic.co.uk

Company Objectives

Provision of Stratigraphic advice and knowhow from across the Globe, covering a range of basins, countries throughout almost the entire Stratigraphic Column

Experience

Shell International Exploration and Production 1982 - 2022

Biostratigrapher with 40+ years with the Shell Group. Retirement position as Subject Matter Expert for Global Biostratigraphy.

Shell Exploration and Production, London 2017 - 2022

Principal Biostratigrapher working in an integrated Specialist Geology team based in the London offices, providing global support for projects ranging from Argentina through to Sakhalin in the Russian Federation. Supported contracts management globally for Shell, as well as successfully ran well-site programs where required.

Shell Exploration and Production, Aberdeen 2014 - 2017

Principal Biostratigrapher co-ordinating all drilling well-site biostratigraphy support programs for Shell UK, Norske Shell, Shell Ireland and NAM (Assen). Fully immersed in Exploration and Development scale projects emphasizing life-cycle activities from discovery to abandonment.

Shell Petroleum & Development Company, Warri & Port Harcourt, Nigeria 2008 - 2013

Principal Biostratigrapher (Head, Geological Services) managing team of local staff technical specialists including biostratigraphers, sedimentologists, and sequence stratigraphers along with day to day running of SPDC core-store on behalf of government agencies.

Sarawak Shell Berhad, Miri, Malaysia 2003 - 2008

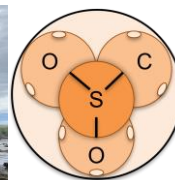

Senior Biostratigrapher and Team Lead, Stratigraphy supporting local staff stratigraphers and sedimentologists on behalf of many countries across the Asia-Pacific region including Australia, New Zealand, Brunei, Malaysia, Philippine and China.

Petroleum Development Oman, Muscat, Oman 1997 - 2003

Senior Biostratigrapher and Team Lead, providing biostratigraphic support and well-site programs for PDO, operating across the country of Oman.

Shell Exploration and Production, London 1982 - 1997

Biostratigrapher applying hands-on age dating through Carboniferous, Jurassic and Cenozoic sequences in support of operational wells, and regional review projects.

Education

PhD, University of Sheffield

1993

"An investigation of the palynology of some Late Namurian and Early Langsettian strata from the Central Pennines, England"

BSc. University of Newcastle-Upon-Tyne

1981

Geography and Geology

Skills

Subject Matter Expert in Global Biostratigraphy application. Specialism in palynology, with specific focus on Carboniferous stratigraphy.

Team Leader, specialist geology domain, with good communications skills linked to in-country team placements in Oman, Malaysia, Nigeria and UK.

Subsurface integration and display skills, using specialist biostratigraphic software supporting life-cycle oil and gas sector activities.

Countries worked (main focus areas):

Europe – UK, NL, Norway, Ireland, Albania

Africa – Mauritania, Senegal, Benin, Nigeria, Cameroon, Equatorial Guinea, Gabon, Congo, DRC, Angola, Namibia, South Africa, Tanzania, Kenya, Egypt, Algeria

Asia – Malaysia (Peninsular, Sarawak, Sabah), Indonesia (Kalimantan), Brunei, Philippines, China, Australia, New Zealand, India, Kazakhstan, Turkmenistan, Russia (West Siberia, Timon Pechora, Sakhalin)

Americas – Venezuela, Guyana, Suriname, French Guiana, Uruguay, Argentina, Bolivia

Middle East – Oman, Saudi Arabia, UAE
