Re: Houston Hilton Westchase

Dear Jim,

I want to commend your firm on the quality of workmanship and professionalism put forth while completing the renovation project at the Westchase Hilton in Houston. Your firm's flexibility with the renovation schedule was a big help in completing the project on schedule and under budget.

It will certainly be my pleasure to work with your firm again and to recommend Land and Sea Surfacing to other clients.

Good luck with future business endeavors. I look forward to the next project with Land and Sea.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Crowder". The signature is fluid and cursive, with a long horizontal line extending to the right.
