

# San Antonio DanceSport Classic - May 17-19

Dear Professional;

We are looking forward to the first San Antonio DanceSport Classic. Our goal is to provide a quality experience that focuses on true DanceSport competition along with a positive environment for your students. Should there be any uncontested events, the judges will be using the new 02cm Single Evaluation System. This allows the judges to evaluate your student's performance by using a 1-10 score that provides valuable feedback to motivate your student to the next level.
