KS2 Place Value Riddle

We were solving riddles in our UKS2 Maths Boosters this week. Can you solve this one@

- I am a 7-digit number:
- Millions digit = the only even prime number
- Hundred-thousands = $3M - 20$
- Ten-thousands = 3 less than that
- Thousands = same as my millions digit
- Hundreds = 0.05×100
- Tens = sides on two triangles
- Ones = tens minus hundreds

What number am I? _____

Boosties - Try @ Home

To bolster the work we did in our LKS2 Booster sessions, why not try a quick game of 'Adverb Charades'?

- Choose a verb: singing.
- Add an adverb: enthusiastically.
- Act it out without speaking.

Can your audience guess WHAT you're doing and HOW you're doing it? Have fun!

11+ VR Can you solve this one?

Which TWO words are the odd ones out?

motte • palace • citadel •
agora • keep

Three are related; two are not.

History buffs may have an advantage... 🏰

Week 1 @ Tuition Towers...

It's been a busy, but BRILLIANT first week back! Thanks to all of you who have come along, joined in, emailed, attended Zooms and had fun! I've been making up stacks of 11+ Starter Packs, setting up 30+ Bond accounts, creating ICTGames logins and ordering an alarming quantity of biscuits, paper and pouches. Our postie is starting to give me sideways looks. 😊

The first week is always bonkers, but watching new groups settle, gel and start enjoying learning is one of my favourite parts of the job.

NOTICEBOARD

This weekend: Midway Test - GOOD LUCK!

Mon 21st: Week 2 begins

Thu 24th, 5-6pm: 11+ Homework Club

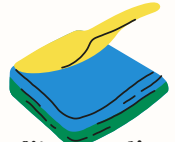

Fri 18th: Lucali's Pizza is back at Southfleet Village Hall. Grab supper whilst your little ones learn. WINNER WINNER, PIZZA FOR DINNER!
