The advertisement features a central image of the Livpure i-platino RO water purifier. A diagram shows 100% of the input water entering the machine. 30% of the water is rejected, and 70% is purified and dispensed into a glass. A callout box highlights the 'platinio+ copper' technology, which includes RO, UV, UF, and mineraliser stages. A 'PATENT' seal is also visible on the top left of the machine.
