2022

Spotlights

Community Board Game Night: Starting May 10th, we invite all lovers of tabletop games to come out to the Sanctuary the second Tuesday of every month for an evening of boardgame shenanigans! We encourage gamers of all types to come out, whether you are playing anything from Dungeons and Dragons to Monopoly, Chess to Dixit, Catan to Fluxx. Bring your own games or enjoy some of the ones we provide.

Hope Floats Water Lantern Event: April 2nd, starting at 4pm, come on down to the Riverwalk for an amazing cause. The Lions Club is raising money to install elements onto the Riverfront Greenway Trail designed for sight impaired youth. At this all ages event there will be a food truck, live music, local artists, and paper lanterns that you can purchase and decorate, to launch on the water in memory of a lost loved one. We'll be there with a booth, so come say hi!

MGM Runs: Just writing about this makes me tired, but there are people in this city who run. And not because they were chased but for fun. And some, not content to keep their misery to themselves do it in an organized group. MGM Runs is just such a group, going on group runs every Wednesday. But, they also run with a purpose: each month they spotlight a different area organization. And guess what, we are their group for April! So come out to Leroy on the 27th and see us talk about what we do to a bunch of folks who won't be winded just from walking across the parking lot.
