## SPOTLIGHTS

### **Business: Fennel and Figs**

It's been quite the ordeal but we're happy to announce that Fennel and Figs has opened their brick and mortar location within Cloverdale. We absolutely love to see a cottage business make this type of leap, and are doubly excited to stuff our faces with delicious pastries. Open Thursday through Sunday each week, go by and scoop up a scone or twelve.

1039 Woodley Rd.

### **Culture: Cloverdale Community Garden**

The Old Cloverdale Community Garden has two great events coming up this month. First is their service day to take place on 9/11. Why not honor that day by doing some community service with your fellow Gumpites? Following that on the 18th they are doing a fantastic fundraiser featuring a massive silent auction, free yoga from Bandaloop, and free painting lessons

### **Music: Gravity**

Do you like to dance? Enjoy house and techno music? Then you need to check out Gravity. Gravity is a dance music party series that hosts events across Montgomery and the surrounding region. They are currently gearing up for their second annual Passage Gathering, a two day camping and music event October 15-17. If you want something a bit less woodsy, then why not check out their next event on the 3rd? It will be at the Alley Bar and features their newest resident DJ: Emmerse.
