

Welcome To Angle

Re-imagining the health insurance experience

Angle Health is built on a traditional group health platform, along with state of the art Virtual Care for both physical and mental health. This approach helps control cost by preventing small issues from becoming larger ones.

The result is healthier employees along with competitive pricing for your business.

Our health plans include comprehensive virtual care, designed with the “whole person” in mind which doesn’t require a PhD in health insurance to understand.

Our fully digital platform delivers a personalized member experience that centers around ease of use, personalization, and better access to care.

We take the burden off the member in navigating the healthcare system.

Our Vision & Values

Bring transparency, simplicity, and humanity to healthcare so that people can live their best lives.

Member First	Lead With Empathy	Innovate
Our team strives to build the Angle experience around the true needs of the member before anything else.	Every product and service we build starts by looking at a problem with empathy. Because every stakeholder’s needs are unique.	Our goal is to build the healthcare tools of the future without the legacy standards that limit our ability to innovate.

Angle utilizes the Cigna provider network, one of the largest in the country.
