Raptor Program:

Are you interested in a program that will keep your students mesmerized, or a unique presentation for your club or community group?

An outreach program from Hoo's Woods Raptor Center is your answer filled with appropriate information tailored for any age group. Our non-releasable education birds make learning fun and allow participants an up-close experience. Invite our raptors to your school, club, library, group or event. We offer photography workshops, free flight demonstrations and special events. State and federally permitted, 501(c)3 non-profit. For information about fees and programs available visit www.hooswoods.org
