spray tan of after care

Dight after.

wearing loose clothing after your appointment allows the tan to develop undisturbed and evenly

that also means wearing "flip flops" or "slides"

avoid any moisture for the advised time by tan stylist

go ahead and relax! no moisture while you develop which means no sweating

it is always recommended to sleep in your developing tan

during your first shower, you will allow fresh water to rinse off solution for 1-2 minutes with NO wash/soap!

hold up! no shaving for the first 24 hours

hold up! no lotions, creams, or fragrance products during or after your first shower
