

*years of experience
in the sun*

yet new and exciting

A newly formed name and company, yet one with a collective wealth of many years of experience within the team....whose passion and dedication to the rich culture of Spain, takes us back to the late 80s and early 90s (in the last century!!)

With the first beginnings of our business on the Orange Blossom coast in Alcossebre (north of Valencia with the famous Castle of Peniscola). We then travel down through the magnificent resort of Altea, Calpe and Denia with its sea links to Ibiza and Mallorca.....

and then further south to the fabulous San Pedro del Pinatar on the Mar Menor (inland sea) on the Costa Blanca. We have kept our finger "on the pulse" offering Holiday homes and lifestyle purchases for many hundreds of customers over the years.

EziHomes International has much experience to offer in understanding this area of Spain as a holiday or permanent living destination.

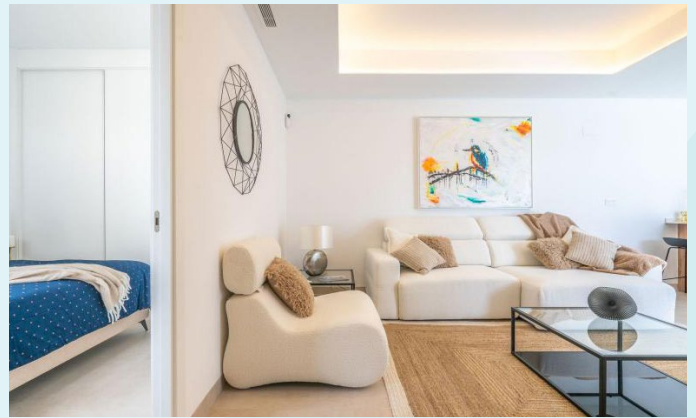

We have a fine relationship with our developers, offering modern, hi tech new builds - all with key-ready options - for customers to arrive, suitcases in hand and enjoy the delights of living in the sun from day one.

All builds have that bespoke feel - whether a 2 Bed/2 Bath apartment for those “jet-in” “jet-out” short breaks..... to 3Bed/Bath Villas with private pool and on to our magnificent 4 and 5 Bed extensive Villas where luxury abounds.

Detail, style and comfort matter - in whatever level you choose - so whether your budget is circa €250,000 or reaches the dizzy heights of €700,000 plus, EziHomes International can guide you to your dream home.

We pride ourselves on one to one service with escorted “Discovery Trips”. Our agents across the UK will assist your visit wherever you fly from in the UK or Europe and you don’t have to get on a TV programme to be escorted and looked after!! We are large enough with corporate experience yet small enough to care!

Our business links with solicitors, banks, lenders, money exchange etc (in Spain as well as UK) can provide a full package of advice and support - according to your needs and circumstances.

Owning a property in Spain is an exciting prospect and EziHomes International is able to guide and direct you through all processes, including VISAs, Wills, local costs and taxes and so on.

*Say 'ola' to the concept
