livelihoods. Our nourish-ments include not only food and energy but also light from the sun, the firmament and the earth itself, along with information transmitted in subatomic particles and electromagnetic wave forms. We propose 'quantum nutrition' as an approach to reconcile quantum phenomena with nutritional biology. Appreciating quantum nutrition and recognizing its potential applications will provide opportunities for future health and well-being and for planetary habitability.

Frequency Quantum Biological Technology

Through this unique technology, we can reduce the size of a nutrient to the subatomic.

Intra-Oral Absorption Strip Technology:

- Utilizing a revolutionary scientifically proven approach rooted in Quantum biology, these innovative strips are designed to deliver essential nutrients directly to your cells, ensuring optimal health & vitality

ABOUT THIS STUDY

This study is aimed at understanding whether oral nitric oxide levels can be used as a non-invasive marker for the diagnosis and management of patient with eosinophilic esophagitis (EoE).

Studies demonstrate that:

- Nitric oxide is indispensable for your cardiovascular health
- With aging, your body's capacity to generate nitric oxide diminishes
- Enhancing your nitric oxide levels can:
 - Bolster your heart health
 - Amplify your energy
 - Assist in muscle development
 - Foster mental lucidity
 - And much more

DR LOU IGNARRO

BENEFITS OF INCREASING NITRIC OXIDE IN THE BODY

The Nobel Prize Winner 1998 for his groundbreaking discovery of the unique signaling molecule nitric oxide (NO) and its many life-critical biological actions in the human body.

Improves Vasodilation - May Help Reduce Hypertension

May Help Treat Peripheral Artery Disease

May Reduce Angina

As We Age We Lose 85% of Our Ability to Produce Nitric Oxide

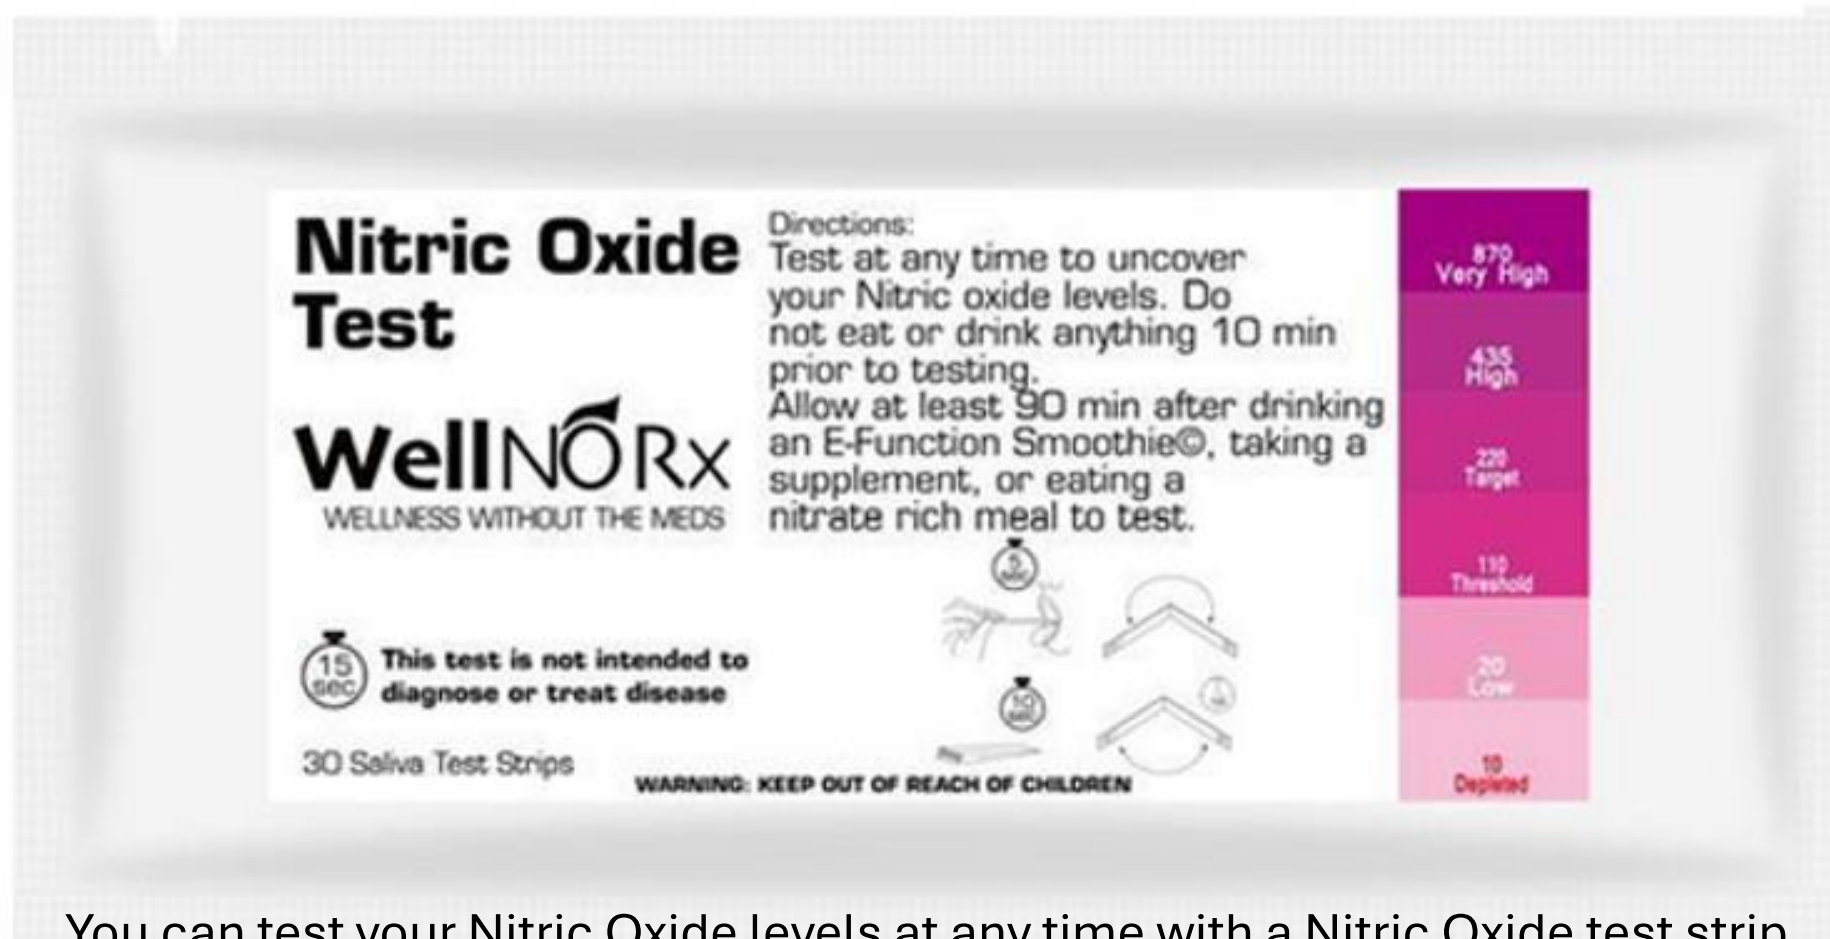

In your 30's:

- The arteries start to thicken

In your 60's and beyond:

- The arteries, withstanding more than 100,000 heartbeats a day, contribute to the attack of the lining of the arteries
- Left unchecked, plaque can rupture or break away, leading to blood clots that can cause heart attacks
- A strained, over-worked heart increases the risk of heart failure
- There is no better time than NOW to start providing your body with a good quality Nitric Oxide supplement

You can test your Nitric Oxide levels at any time with a Nitric Oxide test strip.
