

2026 Sponsorship Package

WHO WE ARE

The Atlantic Chapter of the ISA was formed in 1991 under a Letter Patent by the Consumer and Corporate Affairs Canada, becoming part of the global organization.

Since inception we have grown to 135 members spanning the 4 Atlantic Provinces, and some international members, serving people from all aspects of the Arboriculture Industry including:

- utility vegetation management
- residential tree care services
- nursery production
- retail and governmental agencies

The ISA Atlantic supports its members by offering annual education sessions, practical workshops, and networking the annual Atlantic Tree Climbing Championships (ATCC) where the top climber wins the opportunity to compete in the International Tree Climbing Championships (ITCC) representing the Chapter.

A message from Our President

As President of the ISA Atlantic Chapter, I would like to thank you for supporting our organization and everything it stands for.

The advancements in research, training and conservation of the urban forest and arboriculture industry could not be where they are today without the generous donations from industry peers like yourselves.

We are seeking corporate sponsorship for the upcoming 2026 season. Your sponsorship would not only assist us in achieving our goals, but would also showcase your company's support to the arboriculture community and your commitment to growth and excellence.

Our Chapter offers several sponsorship packages and would be happy to discuss how we can align our vision, and choose the package that helps your company achieve success. Thank you - we can work together to promote arboriculture in the Atlantic Region and beyond.

Many Thanks,

Keanen Jewett

President of ISA Atlantic Chapter

We appreciate your consideration & support!
