FAQ

- ***What are the different membership levels and their associated costs?***

  There are two types of membership. Please refer membership rules for more details.

- ***Why do I have to put payment and member details in separate place.***

  We ask you to submit payment and membership details separately for security and organizational purposes. Member details are stored in a secure Google Form to protect your information, and this setup also helps us maintain a clear audit trail for better tracking and accountability.

- ***Can I set up automatic recurring payments?***

  The process for recurring payments is not currently in place. The membership fee is charged annually, regardless of when you join within the calendar year.

- ***What are the benefits of becoming a paid member?***

  Exclusive access to MNHA hosted events, newsletters, or voting rights.

- ***Is my membership fee tax-deductible?***

  The amount of membership is very low so we will not encourage to use this amount as tax-deductible.

-

- ***Can I donate in addition to my membership fee?***

  You are most welcome to donate to MNHA. Please reach out to admins for more details about donation.

- ***What is the membership renewal process?***

  Membership renews automatically each year, unless you choose to opt out.

- ***Do you offer any discounts for students or seniors?***
  Considering the amount and overhead of administrative and other platform costs, we do not offer any discount currently

Disclaimer:

At this time, our website does not have the functionality to verify if a membership payment has been made. The payment page is static, and we are actively working on adding this feature in the next iteration. Thank you for your patience.
