## 7 Essential Skills for Achieving Academic Success

by: Basis Ed

It's never too early for your child to start developing the skills needed for academic success. Even in elementary school, it's important for children to build a strong foundation in skills that will help them thrive in school and life.

### Organization

Children need to be organized to succeed in school. Many academic challenges arise due to a lack of organization—desks become messy and homework gets lost, or students forget to write assignments down and don't complete them. To help with organization, make sure your child has a planner and that assignments are checked off daily by their teachers.

### Time Management

Students should learn how to balance homework time with extracurricular activities so they can achieve their academic goals without becoming stressed when big assignments are due. One of the best ways for students to do this is by participating in extracurricular activities.

### Study Skills

Students who develop good homework practices early on will have an advantage once their work load increases. They should have a clean, consistent work space free from any distractions, and a set amount of time dedicated to homework each night.

Discover accelerated excellence in education at BASIS Texas Charter Schools. Visit, [btxschools.org](http://btxschools.org).

### Critical Thinking

Students who learn critical thinking skills learn how to think, instead of what to think. Teachers who engage students in critical thinking will discuss texts in class, ask open-ended questions, and empower them to ask "why" and "what if."

### Problem-Solving

When students acquire this skill, they will be able to face academic challenges and find solutions using new, creative methods. Outside the classroom, extracurricular activities like Science Olympiad, Speech & Debate, and Junior Robotics will help further develop these skills.

### Interdisciplinary Connections

Connection projects enrich content learned in each subject, and give students the ability to see how skills from multiple courses can be combined to solve real-world problems, supplying them with an impressive breath of knowledge across academic disciplines.

### Communication

It is important for students to learn how to communicate effectively in school—from giving class presentations, to actively listening and maintaining eye contact while others are speaking. When students are encouraged to collaborate on projects or reach a group consensus, they further develop their communication skills.

BASIS Charter Schools are dedicated to providing a world-class education to college-bound students through a transformative K–12 academic program.

# Education Guide 2021 - 2022

There is no doubt about it: our kids are the future. Finding the right educational facilities for our children can be difficult, stressful, and time consuming, so we went ahead and have selected our favorite primary, secondary, and specialty schools just for you!

## PRESCHOOL AND PRIMARY SCHOOLS

### CHILDREN'S LIGHTHOUSE BULVERDE | 25473 BULVERDE ROAD, SAN ANTONIO

Children's Lighthouse leads the way in values-based early childhood education — providing care for infants, toddlers, preschoolers and school-age children. Our curriculum is based on an age-appropriate, comprehensive learning approach, incorporating character values like integrity, fairness and honesty.

### A CREATIVE LEARNING CENTER 311 FM 306, SUITE A, NEW BRAUNFELS

You can depend on us at A Creative Learning Center for a first-class early childhood education for children from newborns to 12-year-olds. We offer an exceptional learning environment for your child where he or she can thrive developmentally and socially.

### THE MORGAN CENTER | 1215 ERVENBERG AVE, NEW BRAUNFELS

The Morgan Center is an Inclusive Center committed to providing quality care while educating your children in a structured, secure and loving environment. It is our philosophy that early childhood should be a time of fun, exploration and discovery.

### PRIMROSE SCHOOL OF SHERTZ | 4993 SHERTZ PKWY, SHERTZ

Primrose Schools® is a national system of accredited private preschools that provides a premier early education and child care experience. We partner with parents to help build the right foundation for future learning and in life.

### SAN ANTONIO COUNTRY DAY MONTESSORI | 4194 JUNG RD, SAN ANTONIO

San Antonio Country Day Montessori is a special environment for the child to cultivate his/her own natural desire to learn. Their country setting includes eight classrooms, gardens, a large playground, and a barnyard complete with animals.

## One of the Nation's Best Academic Programs is Growing in San Antonio!

**Sponsored by: BASIS Charter Schools**

San Antonio's youngest minds have access to a world-class education at BASIS Texas Schools.

At BASIS Texas schools, young students are taught a passion for learning that stays with them throughout their education. A combination of exceptional teachers, student-driven learning, and unparalleled academic support prepares students for the challenges of college, the working world and beyond.

While many primary schools place two teachers per classroom, the BASIS charter school two-teacher model is unique. In our model, one teacher is a Subject Expert Teacher (SET), and one is a Learning Expert Teacher (LET). The SET is just that: a teacher with a minimum four-year degree in their respective area of expertise, while a LET usually has a degree in education or early childhood education. So imagine that your first grade student is learning math from a teacher with a mathematics degree, while your second grade student's Language Arts class is taught by a teacher with an advanced English degree. These educators, who are both passionate and experienced in their fields, create a powerful learning environment.

Our educational model includes: accelerated liberal arts, math, and science studies, as well as an introduction to subjects like Mandarin Chinese and engineering in Kindergarten. One of the most unique aspects of the BASIS Curriculum is the Connections course; it ties multiple subjects together to help students see the links between academic subjects and real world issues.

BASIS students are given an opportunity to be themselves, to let their true spirits and passions fly, and are given the best environment to do so.

### ***So why choose BASIS charter schools for your child?***

BASIS charter schools feature a rigorous education that inspires students to love learning, to be independent and formulate their own goals, and to graduate prepared for top-tier colleges

Every BASIS Texas school is a community of unique individuals. Students drive their own learning and every child is inspired to explore topics that interest them. They master fundamental skills early on so that they may embark on advanced academic exploration in middle and high school.

***Every parent wants this for their child!***

**AQUARIUM**  
SEA TO BELIEVE

Our Aquariums have so many fish and animals! Sharks, Stingrays, a Giant Pacific Octopus, Lorikeets, Macaws, Reptiles, and Amphibians. Plus, mammals like Lemurs. The best part is you can pet and feed them all. If you come in to visit you might even spot a Mermaid or Princess!

## Being Baby-Friendly is important to CHRISTUS

CHRISTUS Santa Rosa Hospital – New Braunfels Birthing Center has been **designated by Baby-Friendly USA, the gold standard of care, as the first Baby-Friendly Hospital in South-Central Texas.** This is important news, as more babies have been born at our Birthing Center than anywhere else in the area!

Here, expectant moms enjoy a family-centered environment, all private rooms, tours, classes, and special services to make the birthing experience memorable and relaxing. Additionally, our Level II Neonatal Intensive Care Unit, staffed by The Children's Hospital of San Antonio, is ready for newborns who need a little extra medical attention.
