

PARTIOT PRIDE POOL CLEANING DBA PAULSON POOL CLEANERS | APRIL 2024

The Quarterly Wrap-up

IMPORTANT

In the coming months we are excited to announce will be re-branding our company

to:

Same friendly faces with a different name!

You will be notified on any billing changes over the coming months

Ready for Summer Fun?

With the hot AZ Sun approaching it is important to have your pool in top condition, chemical dosages will increase as the temperature and pool usage rise.

- Draining your pool can save you on chemical cost during the summer
 - Higher Temps = Higher monthly bills
- Schedules can run an hour per 10 degrees (should not exceed 10hrs)
- If you are interested you can buy a 50lb bucket of tablets, please call our office for pricing of chloring tablets.
- Filter Clean maintenance is the most important in the summer months, getting them cleaned regularly can help prevent algae growth and murky water.

SPA MAINTENANCE

Above Ground Spa's are a great way to decompress and relax with very little maintenance. With normal usage it is important to drain your spa every 3-6 months and every 3 months with heavy usage (such as rental properties) to ensure the quality and cleanliness of the water.
